

# APPLY WORKPLACE SAFETY & HEALTH IN CONSTRUCTION SITES

## (Previously known as Construction Safety Orientation Course, CSOC)

### Learning Objectives:

Identify legal obligations in workplace safety and health; Identify hazards in a construction site: fire, explosion, falling from heights and falling objects, safe access, chemicals, mechanical, electrical, radiation, material handling, working in confined space and specialized operations; Recognize all types of industrial safety signs; Apply for safety permit prior to hot work; Put on personal protective equipment (PPE); Take safety precautions when working with different hazards as stated above and other emerging hazards such as heat stroke, infectious diseases, ergonomics etc.; Respond in case of fire or emergency

**With effect from 1 Jan 2024, online based assessment shall be instituted, instead of hard copy assessment. With effect from 1<sup>st</sup> Sep 2025, the Text-to-Speech (TTS) function is available for English, Mandarin, Malay, Thai and Vietnamese languages. Trainees may click the audio button at any time during the online assessment to listen to the audio version of the question.**

Registering foreign workers for AWSCS course with passport number: We could not upload the AWSCS course test results, to MOM website, using participant's passport number. The results can only be uploaded using their work permit number. As such, please register the workers with their work permit number, so that we can upload the test result to MOM website, upon completion of course. Please note that, the employers could not apply for work permit issuance/renewal of work permit, if their worker's AWSCS course test result is not uploaded to MOM website. Also, please be informed that, a replacement fee of \$30 is applicable to reprint the card, with the participant's work permit number, which was originally printed with the passport number.

Trainees must bring along any one of the following documents (photocopy or original) to be allowed to attend the class. Work permit or IPA and Passport or NRIC / S Pass / Employment Pass.

Trainees must wear Safety Shoes and properly attired (No Singlet/Shorts/Bermudas).

Trainees with 100% attendance will only be allowed to sit for the test. Late comers are strictly not allowed into the class

Medium of Instructions: English, Mandarin, Myanmar, Thai, Malay, Bengali, Tamil, Hindi and Vietnamese (The learners are required to complete the 2 days Basic English for Migrant Workers course first before registering for the AWSCS course in Vietnamese language).

Please take note of the following requirements for the CSOC recertification assessment with effect from 1st January 2024:

The trainee shall have passed at least one Apply WSH in Construction Sites (AWSHCS)/CSOC assessment before he/she could be registered for the CSOC recertification assessment. Trainees who have passed at least one AWHCS/CSOC assessment shall be registered to take the CSOC recertification assessment with the incorporation of Microlearning questions, regardless of whether they choose to sign up for the full course or directly to take the recertification assessment.

If trainee has failed the CSOC recertification assessment and is required to apply for the AWHCS/CSOC 2-day course, the trainee must complete the WSH Microlearning Programme first before enrolling for AWSCS 2 days course. The trainee must register for the WSH Microlearning Programme with either SCAL Academy or NTUC LearningHub. The trainee must complete and pass the programme before re-registering for the AWHCS/CSOC 2-day course.

Exemption for New or First Time Trainees: New or first-time trainees taking the AWHCS/CSOC 2-day course are not required to show the e-certificate for the WSH Microlearning Programme. New trainees are not required to attend the ML Programme, at this juncture.

### **WSQ (SOA) Statement of Attainment (e-certificate) will be issued for the courses conducted in English only.**
